

# START SCHOOL BUILDINGS BY APRIL, PLAN

## TWO JUNIOR HIGH SCHOOLS AND GRADE BUILDING IN SOUTH HIGHLANDS AUTHORIZED BY BOARD OF EDUCATION.

The construction of new school buildings which it is believed is necessary to furnish relief to the crowded condition of some of the city schools, should begin by April 1, in the opinion of members of the board of education who met last night in the office of Superintendent John Milne.

With this opinion in mind the members of the board, at their meeting, adopted a resolution calling for the erection of several schools, including two junior high schools for the highlands and one for the lowlands.

The resolution was presented by W. T. Ford and seconded by Louis McHale and adopted without a dissenting vote.

The resolution calls for the construction of a 12-room two-story building at Trumbull avenue and High street, and for two 20-room two-story units to serve as junior high schools, one for the highlands and one for the lowlands.

It was this additional unit which came from the new junior high schools for the present, but "to have the plan so arranged that additional classrooms and auditoriums may be added without change in any part of the building now to be constructed."

The resolution also calls for the putting up of temporary buildings near University Heights, if does not where these should be built.

The resolution was adopted following closely the recommendations submitted to the board two weeks ago by Superintendent Milne, in which the latter advised the construction of two junior high schools.

The original recommendation of the superintendent called for a 12-class addition to the second ward school. Upon investigation it was found that such a plan would necessitate the tearing down of some of the walls of the present school. The erection of a new school at Trumbull avenue and High street was then considered.

The building program as adopted last night will eliminate any necessity for any bond issue for additional school purposes this spring as had been proposed at a previous meeting. One member of the board estimated that the program could be carried out at a cost to exceed no little more than \$250,000. The bond issued voted was for \$25,000.

The superintendent was authorized to contact with representatives of Trust & Trout regarding the preparation of plans and ask for another meeting of the board as soon as it might be deemed necessary.

Mr. Milne at the previous meeting had stated that the erection of junior high schools would relieve the congestion in the present high school and also take away the classes from the library building. As soon as new plans are prepared and accepted the board will have to ask for bids for the work.

**Would Censor Movies.**

Proceeding the discussion of the building program the board listened to Francis E. Wood, who on behalf of the Catholic Welfare society asked that the board appoint a member to meet with representatives of other societies and organizations to outline a plan of censorship of movies for children.

The plan he said was that the representatives choose a board to investigate all pictures with a view to selecting those not fit for children. Parents would then be notified of the name of each picture. He said he desired for a meeting of the representatives to be announced later. Mr. McRae was named to represent the board at such a meeting.

The board also moved to file all paving protests presented by the city and to make a protest at the coming hearing on February 15 and 16. The school board owns property on streets which come within the paving program.

**Dr. C. E. Barker to Deliver 3 Addresses Here Wednesday**

Through the public spirited action of the Rotary club, Dr. Chas. E. Barker is to be brought to Albuquerque on Wednesday to deliver three great addresses. The doctor is unique and unusual. He is a man of wide experience on the public platform and his addresses are of amazing and inspiring character.

Dr. Barker is not an orator and admits it, but he is a wonderfully interesting and electric speaker. He puts the punch of a pile driver into his words, and drives home with thrilling illustrations the truths he upholds. He quickly gets an audience and holds it straight through a talk of an hour.

In Barker took care of Mr. Taff's health during his entire four years in the white house and thereafter for several years engaged in lecturing to the general public on health and other subjects. In 1914 he attracted the attention of the Rotary clubs at their annual convention, with his famous address on "A Father's Responsibility to His Son," that requests came him from all quarters of Rotary to speak. Since then the doctor has been delivering more and more of his time to the Rotary clubs until now all of it is given to them.

Dr. Barker will speak at the High school at 12 o'clock at the Y. M. C. A. at noon when he will address a joint meeting of the Rotary and Kiwanis clubs at 7:30 o'clock to women at the High school auditorium. Admission to the address at the Y. M. C. A. will be by tickets with a capacity of 200 tickets. They may be obtained at the Y. M. C. A. up to noon Tuesday.

**HERALD 'WANT AD TAKERS.'**

## Huge Reward to Be Offered For Slayer of Movie Director

(Continued from page one)

on the gold-tipped, woman cigarette holder used. Taylor's crippled hand, a victim of disease by a bullet fired in his intent, was recovered by the police's boy.

Feeling that further pursuit of the many slight clues in possession of the police would hinder rather than aid in tracing down the murder mystery, the authorities submitted only a brief case.

Unrestored reports were current throughout Hollywood tonight that a reward mounting into the hundreds of thousands would be posted early next week if persons holding and others could reveal an informer.

Edward G. Ulmer, for instance, secretary of Taylor, was the center of a search tonight. Police have been seeking him for several months to serve warrants sworn out by Taylor charging Ulmer with rifling his pockets while Taylor was on a tour of Europe.

**Blackmail Sought.**

Another man being sought for questioning in regard to the murder of "Dapper Dan" Collins, known as a two-gang mob and master blackmailer.

Collins is wanted in New York for the murder of John H. Reid, wealthy manufacturer, as the culmination of an unsuccessful attempt at blackmail last May.

There is a price of \$5,000 on the head of "Dapper Dan."

"Dapper Dan" escaped a trap set for him in this city. He boasted to associates, detectives say, that he would go to prison if he had to, for he was going "to get his man."

## Former Wife Tells of Taylor's Mysterious Disappearance

NEW YORK, Feb. 4.—Threads of the William Desmond Taylor mystery, stretching across a continent, tonight pulled aside the curtains that had been drawn over the post-life of Taylor and his former wife, one of the famous Flaming beauties.

At the same time New York police began to take an interest in the case with word that "Dapper Dan" Collins was wanted for questioning in connection with the murder of the movie director in his Los Angeles home Wednesday night.

Collins is known to New York police as a blackmailer and con-sigliere.

The story of Taylor's coming to America from Ireland as William Cunningham Dean Tanner, his marriage to Ethel May Harrison, stage beauty, and his sudden disappearance read like a novel. But it leaves a mystery as deep as the murder itself.

Part of the story was just insight by former assistants of Dean Tanner and part by his former wife, now Mrs. Edward C. Robbins, in a tornadic statement.

Tanner came to America about two years ago, paid off as a detective for a newspaper shop selling information, and got a job as a reporter for the "Daily Mirror." He disappeared October, 1918. We could assign no reason for his disappearance, except possibly nephritis. In 1918 I saw him once or twice in the course of my own child. In August, 1919, I married Edward C. Robbins. Two years ago I discovered Wm. Desmond Taylor had changed this name, however, no further statement which could possibly be of interest. The news of Mr. Dean Tanner's death was a great shock to my daughter and myself.

The story of Collins' activities has all the romance than that of Dean Tanner. Police of several cities would like to lay hands on the elusive man.

A florid, blonde, thick-set, bulldog-faced man, "Dapper Dan" worked his wife from many women visitors, never hesitating to resort to violence when it became necessary. He was arrested in connection with the shooting of John H. Reid in New York, on May, 1921.

Collins was about 48 years of age, five feet, 10 to 11 inches in weight, weight between 160 and 170 pounds, with blue eyes and blonde hair. His occupation is in the saloon records as "a bartender."

During the war Collins and his confederates dressed as soldiers extorted money from many German-Americans.

**ARBUCKLE LIKELY TO WAIT SIX WEEKS FOR THIRD TRIAL**

Court Docket Jammed and Delay Seems Certain

SAN FRANCISCO, Feb. 4.—Indications tonight were that Roscoe "Fatty" Arbuckle will be forced to wait a month or six weeks before his last chance to vindicate himself of charges of having taken the life of Virginia Rappe.

That was the last word of William Cunningham, Dean Tanner, so far as his New York friends were concerned.

In 1913, the wife secured a divorce and two years later married Robe-

rtine. Some five years after Tanner's disappearance, a theatrical company touring the west found Wm. Desmond Taylor whom they recognized as Tanner. He was physically and finan-

cially健全.

One day, seven years after his marriage, Taylor drew what money his wife had given him, pinned his wife to her going away and that it would be useless to look for him.

That was the last word of William Cunningham, Dean Tanner, so far as his New York friends were concerned.

In 1913, the wife secured a divorce and two years later married Robe-

rtine. Some five years after Tanner's disappearance, a theatrical company touring the west found Wm. Desmond Taylor whom they recognized as Tanner. He was physically and finan-

cially健全.

Mondays' Arbuckle's case will be called again before superior Judge Harold Landerback, to be set for its third trial.

Court officials today said that a jury panel cannot be drawn before February 15, that it could not be empaneled earlier than February 20, and it would take until February 25 to summon it.

There are cases on the calendar of Judge Landerback's court awaiting trial. It was understood the judge is taking the position that it is not just that these cases—Involving a number of defendants who are in jail unable to raise bail—should be forced to wait until Arbuckle is again tried.

At present the court calendar has three possible dates for trying the Arbuckle case—March 4, 12 or 14; however, it was considered impractical to have trials for each date and there was a possibility the judge would assign other waiting cases to all three of the open dates.

March and make "Fatty" was another month or maybe longer.

Attorneys for both sides professed a desire to have Arbuckle tried immediately. The big comedian had the same desire. Until he is acquitted he must remain idle, and to a large extent, without income.

Bill against women smoking suggests "Lips that touch the cigarette shall never rest beneath our mouth."

"How should you ask a girl to dance?" asks a subscriber. Depends on the place and how she usually dances.

## TRAFFIC BUREAU BEING ORGANIZED

### E. W. Hahnhaus Has Offices With Business Men's Secretary

He is known to be in Los Angeles, police say. A motion picture actress whose identity is being kept secret, some months ago informed the police that Collins was attempting to force her to act as a bribe in a black mail plot, but that for his intended victim he made no mention of his brief case.

An investigation is under way to determine whether or not Mrs. May Harrison, a member of the original Flory Film company, is among so few from the eastern city.

One daughter, Ethel Dodge, was born to them. She is in Marquette, N. Y., according to public information.
